

ADOPTIONS CASE STUDY

Persimmon Homes / Anwyl Homes

Objectives

Argyle were appointed to be the sole contractor to complete all stage 3 works consisting of preparation works, final surfacing to driveways, footpaths and carriageways, including block paving and traffic calming.

Challenges

This was a fully occupied development consisting of over 100 properties. Full access was maintained during construction for all homeowners and development related traffic, ensuring all works were completed smoothly and on time.

Solutions

Working closely with the Local Authority, clients and residents, the development was successfully completed and subsequent adoption of the works were achieved for both clients.

THE 'A' TEAM

Why choose Argyle?

- 1 Our knowledge can support your existing teams, or undertake completely self managed developments for your peace of mind.
- 2 We have a proven success for backlog legacy adoption, whilst facilitating and achieving bond reductions.
- 3 Over 25 years of established relationships with housebuilders and local authorities with a proven track record of exceptionally high standards.
